

Credit By Exam Schedule for Summer 2015

The state's education law, the Texas Administrative Code (TAC) will allow the Industrial Independent School students to obtain credit in a course or grade level by passing tests approved by school district trustees. Texas law, 19 TAC Chapter 74, allows students to "test out of a course" by taking a "Credit by Examination" without prior instruction in the course(s) being tested. To earn credit for a grade or a subject the student must answer 80 percent of the questions correctly. In accordance with local school district policy, a student in any of the Grade 6-12 may be given credit for an academic subject in which he or she had some prior instruction, if the student scores 70% on the test. The tests are rigorous, targeting all the objectives for the courses covered.

The tests will be administered in Victoria through Region III Education Service Center on June 25, 26 and 27, 2015 and again on July 8, 9 and 10, 2015 from 9:00 am to 4:00 pm on each date. Registration applications may be picked up for the Industrial School District from the high school registrar. Deadline for registration is May 12, 2015.

For more information call the Registrar's office on your student's campus.
